

MacBook Use Agreement 2022-23

Students and their parents or guardians must agree to the terms of this agreement before students are given their MacBook.

- Students are expected to use technology resources in ways that are responsible, ethical, and legal, and in accordance with the Family & Student Handbook. Students will be given MacBook care instructions when they receive their MacBooks.
- TDChristian retains ownership of the MacBook, its charger and its charging cable and these items must be returned when the student leaves the school. Upon leaving, the school may give the student the option to purchase the MacBook.
- It is the responsibility of the student to ensure that the MacBook is kept safe and undamaged until they return it to the school.
- Students are required to promptly report in writing any laptop damage or malfunction to the school's Technology Department.
- For 2022-23, each MacBook comes with an AppleCare warranty. Students must pay for any MacBook damage according to the terms of this warranty. The AppleCare Warranty can be found at <https://www.apple.com/ca/legal/sales-support/applecare/education/applecarepluscaen.html>.
- The replacement cost for a lost MacBook must be paid for by the student. Students and their families are strongly advised to add the MacBook to their home-owners policy.
- Software is installed and maintained on the MacBook by the school. Students may not install software or attempt to do so. Some school-licensed software is course-specific and will only be available during the time the student is enrolled in the course, e.g., Final Cut Pro for Comm Tech.
- Technical support is provided by the school's Technology Department and is offered during regular school hours. Tech support outside of these times is provided on a "best-efforts" basis. During holiday times, there may be a delay in responding.
- Technical support may include school personnel taking remote control of student MacBook screens to assist in solving issues. Normal practice requires that such actions occur with the knowledge and consent of the student.

- Technology and technology-related activities will be monitored and/or restricted by the school using filtering, passive supervision technologies, and periodic checks by school staff.
- Despite best efforts towards blocking and filtering of Internet web sites, we cannot guarantee that students will not access material that is inappropriate. Students and their parents/guardians agree not to hold the school liable for any such access.

Other notes:

- Students will be provided a water-resistant (not waterproof) protective case for their MacBook.
- Students will normally take their MacBooks home daily. Students registered to return to TDChristian for 2023-24 may choose to take their MacBook home for the summer holidays.

This document will be updated from time to time and can found at <https://splash.tdchristian.ca>.

Parent/Guardian Agreement

I agree to the terms of this agreement:

Name of parent or guardian	Signature	Date
----------------------------	-----------	------

Student Agreement

I agree to the terms of this agreement:

Name of student	Signature	Date
-----------------	-----------	------

This signed document should be returned to the Main Office at the school on or before Tuesday, September 6, 2022.
